Goshen, Ind.

Dear Brother Harvey, Greeting s;  
We are enclosing a few cards handed to me by David that have changes of addresses. Also check if there is one, Daniel Miller, Denver, Colo. If so, change to Partridge, Kans, If there is no Fred H. Yoder, Route 1, Hutchinson, put him on. These are both IW fellows, now released.

Do you know Laura Anna Miller, Nappanee? she is now working in Newton Kans. at the Prairie View Unit house, as a cook, on VS basis. She was here at our house at the singing last Sunday evening. I forgot to find out the house number of the unit house, but when I find out, i want to let you know so you can put her on. Her friend, Edwin Schrock, Iowa, is also here at the present time; intends to stay a while. You perhaps know him, too. (Levi's son)

Recently a contribution came from Amos Gingerich, Dover, Dela. who wrote that he remembers you from North Dakota. He is John Gingerich's son, now from Ill. He was through Kansas in 1937 when I leaned to know him.

Weather has been right smart cold the last several days, down to 10 above. The oats that were up will probably have to be replanted. It warmed up a little to-day. I was in S.S. this A.M. but vary and the baby were neither quite in condition to go.

Sincerely yours,

*Mahlon*
